
Chocolate home furnishings?

Posted by Hazelnutchocolate - 2009/05/26 14:34

Hi there, new here. In the middle of re vamping one of the rooms in the house and want to do a chocolate theme. Does anyone know of any websites that sell chocolate bedding ie not chocolate coloured but bedding with a printed chocolate design and also canvas block prints of chocolate/sweets etc.

hiya Hazelnutchocolate,

Various chocolate themed furnishings have been appearing on our ebay feed :
